VOLAC		ANDRAS		ANDRAS		The 8 Sabbats are important Satanic/Pagan holidays. These dates align with the Sun, and are times to indulge, feast, and honor the Gods and Goddesses. Telepathic communications and workings of magick are greatly amplified during these holidays. The eight major Sabbats are the Equinoxes and Solstices of the Sun's year, and the 4 cross-quarter days that come between them. The 13 Full Moons (Esbats) are also power dates, and greatly amplify workings of magick. These dates are all included in this calendar, as well as ideas for workings based on the position of the Moon, other planets, and planetary day of the week. Spiritual Satanism is about celebrating and enjoying life!							

The Void of Course Moon happens every few days, lasting for a few hours (or less), to more than a day. These times are clearly marked throughout this calendar (VoC). When the Moon is VoC, this is not the time to begin a new project or magical working, purchase new items or clothing, sign contracts, apply for a job, or make plans. However, this is a time filled with loopholes, and having less distractions.

You can begin on Friday night after sundown, or Saturday morning/afternoon, and do a 7-, 14-, 21-, or 28-day cycle. (They are marked for Saturdays in this calendar, but can be started the Friday night before.)

Imbolc (pronounced Im-bulk), or Candlemas, is when the Sun is at 15° Aquarius, halfway between Winter Solstice and Spring Equinox. This is the Feast of Fire, celebrating the cycles of life and the Sun.

Traditions for this sabbat include candle magick, bonfires, pyromancy, invoking fire element, meditating on your Kundalini, and spells for success, charisma, creativity, confidence, and anything else relating to fire. Traditional foods are crepes and pancakes, anything round and golden-colored.

The magickal workings listed are a combination of:

- Moon phase and sign
- Planetary day of the week
- Condition of planets ruling the working. For example, you might notice a day when Moon is waxing and in Libra, day of Venus (Friday), and wonder why a love working is not listed. This could be because Venus is in detriment sign, or other factors.

			BELTANE'S EVE																	
			MARS																	
BARBATOS			PAIMON																	
Beltane (pronounced B'yal-t'n), begins on sundown April 30 and lasts until sundown May 1. Beltane is an ancient celebration of fertility. This sabbat is in honor of our God Enlil (Baal). Telepathic communications with spirits and our Gods are heightened. Traditionally, people would dance around the Maypole (representing the phallus), and couples would jump nude through the bonfire together and engage in all-night sex. Dancing, feasting, and making repairs to one's property are also customary.																				
(Note: some consider Beltane to be when Sun is at 15° Taurus, this will be May 5.)																				

When Mercury goes retrograde, listed in the pages for January, April, May, August, November, and December (lasting for 3 weeks each time), this will negatively affect travel, communications, and electronics. This is not a good time for spells for exams, education, intellect, or knowledge. Signing contracts and leases is to be avoided. However, editing, revising, and research will benefit from the energy of Mercury Rx.

Summer Solstice, when Sun enters 0° Cancer, is an important Satanic Holiday. The Solar chakra is greatly amplified, and all workings to empower it benefit from the energy.

Solar magick, telepathic communications, fire magick, divination, blessing of tarot cards, gathering herbs, infusing herbs and items with solar energy, healing, and runic work are all favored. Baal fires (bonfires) are traditional.

Lammas Day, or Lughnasadh (pronounced LOO-neh-seh), named for the God Lugh, known to us as Azazel. Lammas Day marked the beginning of the harvest season, and the annual wheat harvest, and included celebrations of athletic contests, feasting, trading, and thanking the Gods, especially Lugh/Azazel, for a bountiful harvest. This was also the date to start an early garden (veggies and herbs that grow in early spring). Ways to honor this holiday are making loaves of bread, cakes, pies, and picking berries. Symbols are grains, gold, grapes, berries.

(Note: Some people believe it to be when the Sun is at 15° Leo, which will be this Aug 7.)

Halloween, or Samhain (pronounced Saw-win). The last harvest festival, storing crops, and preparing for the dead of winter. A time to honor the dead and our ancestors. Endings. Feasting, trick-or-treating, costumes, monsters and ghouls, and images of death are traditional, but NOT anything insulting or blasphemous to Satan and our Demons/Gods. Carving pumpkins, placing out cauldrons, broomsticks, and decorations of ghosts are also traditional.

(Note: Some believe Samhain to be when Sun is at 15° Scorpio, which is Nov. 7)

Ingresses and Retrogrades

Hitler and Himmler began the tradition of making November the month to remember and honor our ancestors, loved ones and friends who have died. Life is sacred for us SS, and the lives of our ancestors are to be honored. Visiting graves, lighting candles, drinking a toast, and displaying any pictures of our friends and family who have died, are sacred and important rites during this month. Beloved pets can also be remembered.
